RoHS Environmental Compliance

This document certifies that the components sold by Ohmite Manufacturing Company with suffix letter "E" at the end of the base part number (but prior to any special packaging codes such as -TR for tape and reel) are in compliance with the Directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003 on the restriction of the use of certain hazardous substances in electrical and electronics equipment (RoHS Directives, Article 4). The stated components are certified by Ohmite as compliant with the definitions given in the directives.

Cadmium
Hexavalent Chromium
Lead
Mercury
Polybrominated Biphenyl (PBB)
Polybrominated Diphenyl Ether (PBDE)
