

## Ohmite RoHS Status

25-Aug-05

| Product Category   | Product Description  | Date when RoHS Parts can be Ordered             |
|--|--|---|
| <b>Surface Mount Resistors</b>                           | LVC Series Low Value Thick Film  | Available Now                                   |
|  | Mini Macro Chip Series Thick Film High Voltage SMD Chip  | Available Now                                   |
|  | RC, RF, RW, RP, RM Series Surface mount power  | Available Now                                   |
|  | TDH35 Series TO220 Surface Mount   | Available Now                                   |
|  | MacroChip Series Surface Mount Precision Thick Film  | Available Now                                   |
|  | Metal Plate Current Sense 60S Series   | Available Now                                   |
|  | Four-terminal Current Sense Resistor RW Type   | Available Now                                   |
|  | HVC Series High Voltage Chip Resistor  | Available Now                                   |
|  | High Energy Wirewound Resistors Various Constructions  | Available Now                                   |
|  | <b>Wirewound Power Resistors:<br/>Industrial and Military Grade</b>  | 10 Series Low Ohm Wire Element, Molded Silicone |
| 10 Series Four Terminal Current Sense                    |  | Available Now                                   |
| 200 Series Tubular Axial Lead                            |  | Available Now                                   |
| 20 Series Conformal Vitreous Enamel                      |  | Available Now                                   |
| 210 Series Tubular Adjustable                            |  | Available Now                                   |
| 250 Series Oval Core Fixed                               |  | Available Now                                   |
| 270 Series Tubular Fixed                                 |  | Available Now                                   |
| 280 Series Corrib Hi-Current, Fixed and Adjustable       |  | Available Now                                   |
| 30 Series High Energy                                    |  | Available Now                                   |
| 40 Series Conformal Silicone Ceramic                     |  | Available Now                                   |
| 60 Series Low Ohm Base Metal Element                     |  | Available Now                                   |
| 60 Series Four Terminal Current Sense                    |  | Available Now                                   |
| 80 Series Conformal Silicone Ceramic                     |  | Available Now                                   |
| 89 Series Axial Lead Wirewound, Aluminum Housed          |  | TBD   |
| 90 Series Molded Vitreous Enamel                         |  | Available Now                                   |
| Audio Gold Resistors Audio applications                  |  | Available Now                                   |
| Axiom® Series Centohm Coated Wirewound                   |  | Available Now                                   |
| CS3 Series Precision Current Sense Resistors             |  | Available Now                                   |
| HS/HSN Series Axial Lead Wirewound, Aluminum Housed      |  | Available Now                                   |
| Metalohm Series Radial Lead Wirewound                    |  | Available Now                                   |
| PC-58 Series Tubular Radial Lead                         |  | Available Now                                   |
| WH/WN/WL Miniature Molded Wirewound                      |  | TBD   |
| WFH Aluminum Housed Wire Wound Power Resistor            |  | TBD   |
| P Series Axial Molded Precision Wirewound                | Available Now  |   |
| <b>Wirewound High Current</b>                            | 14984 Series High current round edgewound  | Available Now                                   |
|  | Powr-Rib® Series Edgewound/round wire power  | Available Now                                   |
|  | WLRD6G Series High current oval edgewound resistors  | Available Now                                   |
|  | WLRH Series Heliohm wirewound resistors  | Available Now                                   |
|  | WLRB, WLRC, WLRF Series Edgeohm and Hexohm helical wound   | Available Now                                   |
| <b>Wirewound/Metal Oxide Resistors: Commercial Grade</b> | TWW/TWM Series Ceramic Housed Radial Lead  | Available Now                                   |
| <b>Carbon &amp; Ceramic Composition Resistors</b>        | A Series High Impulse Energy, Ceramic Composition  | Available Now                                   |
|  | Little Demon® Series Carbon composition molded   | Available Now                                   |
|  | OX/OY Series Ceramic composition   | Available Now                                   |
| <b>Thick Film Power Resistors</b>                        | Power Chip® TA Series Alumina Substrate Radial Leads<br>PECOS® TC Series Thick film on porcelainized steel | Available Now<br>Available Now                  |
| <b>Heat Sinkable Thick Film Power Resistors</b>          | TAH20 Series TO220 Types   | Available Now                                   |
|  | TAP1000 Series High Power Planar   | Available Now                                   |
|  | TAP600 Series High Power   | 1-Jan-06  |
|  | TBH Series 25W TO220 resistors   | TBD   |
|  | TCH35 Series TO220 Types   | Available Now                                   |
|  | TL Series Aluminum housed w/quick connect  | Available Now                                   |
|  | TEH Series TO247   | Available Now                                   |
| <b>Thick Film, High Voltage, Precision Resistors</b>     | Econo-Mox Series Thick Film High Voltage   | Available Now                                   |
|  | Maxi-Mox Series Precision resistors and dividers   | Available Now                                   |
|  | Mini-Mox Series Precision resistors (MOX 400, MOX1125, MOX750)   | Available Now                                   |
|  | Mini-Mox Series Precision resistors (MOX 200)  | Available Now                                   |
|  | Mini-Mox Series Precision resistors (MOX 300)  | Available Now                                   |
|  | Power-Mox Series Precision power resistors and dividers  | Available Now                                   |
|  | RX-1M Hi-Meg Series High resistance and stability  | Available Now                                   |
|  | Slim-Mox Series Precision resistors and dividers   | Available Now                                   |
|  | Micro Mox series   | Available Now                                   |
| <b>Commercial Film Resistors</b>                         | Packaging Carbon & Metal Film Resistors  | Available Now                                   |
|  | Resistor Assortment Cabinet (CC, WW, MF, CF, MO)   | Available Now                                   |
|  | Resistor Assortment Cabinet Surface Mount (S10, S12, S25, S00 Series)<br>PowrFilm Metal Alloy Film         | Available Now<br>TBD                            |
| <b>Variable Voltage Controls</b>                         | Potentiometers Molded composition  | TBD   |
|  | Power Tap Switches High-current, non-shorting  | Available Now                                   |
|  | Rheostats (Potentiometers) wirewound   | Available Now                                   |
| <b>Inductors</b>   | Z Series R. F. plate chokes  | Available Now                                   |
